

SCHOOL ANNOUNCEMENT

מודעה ממנהלי הבית ספר

NORTH SHORE HEBREW ACADEMY

Dear NSHA Parents,

We are just over a week away from beginning our Academic year!

Please click below to download and review the NSHA Parent and Student handbook which has been updated to include two new additions:

- 1) A COVID Addendum section at the beginning of the handbook.
- 2) Addendum throughout the handbook to describe how policies have been updated due to COVID.
- 3) All COVID Addendum throughout the handbook are **written in green** so you can easily distinguish them.

This year, more than ever, it is essential that you review the handbook independently and together with your children so that you are well educated on the policies, procedures and changes that we have developed to make this year as healthy, safe and successful as possible.

This handbook will also be accessible at www.nsha.org → Quicklinks and will be updated from time to time as necessary.

NEW THIS YEAR: Parents must download the ParentLocker Connect app from the app store where you will access the daily health screening questionnaire that must be completed by a parent for each of their children between 6:00-7:30am every day. Any student who does not have a completed questionnaire will not be allowed to enter the building.

If you have any questions, please do not hesitate to contact me or any member of the school Administration.

Yours,

Rabbi Dr. Jeffrey Kobrin
