

SCHOOL ANNOUNCEMENT

הודעה ממנהלי בית הספר

NORTH SHORE HEBREW ACADEMY

Dear Parents,

Within the next couple of days, the daily health survey questionnaire will include additional mandatory questions. Please ensure you read all questions carefully and complete them accurately. This information is important for Toddler and Nursery parents as their children have in-person learning and for the rest of the grades when they return to school in a couple of weeks.

Please note that if you have a household member who is under quarantine and they or any member of the household is exhibiting any COVID symptoms you can not send any of your children to school (Toddler-8) until the quarantine period is over and the symptoms resolve.

As a reminder, students staying home or those sent home from school due to [presentation of COVID symptoms](#) and/or fever of 100.0 F or higher may not return to school until the following criteria are met:

- The student has been completely symptom free (no symptoms consistent with COVID-19) for at least three (3) days; AND
- The parent provides documentation that includes at minimum documentation from a health care provider evaluation, negative COVID-19 testing, and symptom resolution; AND
- At least fourteen (14) days have passed since the later of: a positive COVID-19 test or the onset of COVID symptoms that led to the student being sent home.

Click [here](#) to view the CDC Symptoms of Coronavirus.

NSHA requires a PCR nasal swab for COVID testing. Rapid tests are not accepted. Test results should be emailed to: testing@nsha.org with the following subject line: COVID Test Results for [INSERT CHILD'S FIRST NAME AND LAST NAME]

If you have any questions, please do not hesitate to contact a member of the Administration.

Yours,

Rabbi Dr. Jeffrey Kobrin
